This year, IFC called for submissions for the "Thinking forward" competition for [#GenderDiversity](#). We were looking for champion private sector companies with a dedication to workforce gender diversity and inclusion, and a goal to enhance women's economic participation. Two fantastic companies won the competition [شركة نافذ](#) [Nafith Logistics International](#) / العراق and [Zain Iraq](#). [#Journey2GenderDiversity](#)

*Nafith Logistics has always been a **staunch promoter of gender diversity**, this award granted at this challenging time motivates us to push forward. Indeed, it is a **perpetual challenge to introduce women in nontraditional sectors**; with perseverance our journey will be transformational.*
